

# Connect Microsoft Teams® To Your Phone System

The Level365 MS Teams Connector lets you seamlessly connect your business phone service within Microsoft Teams®.

It is the best of both worlds; high-quality voice service with all the call control features you need from Level365 available within your Teams platform.

## With this integration you can:

Access the call control features through Level365 including Auto Attendant, Call Flows, Spam Protection, and more.

Make & receive calls in Teams from the desktop or mobile app using Level365 service.

Use your Level365 phone number, extension, call flows, call routing, hunt groups, and more while using Teams.

## User Requirements:

-  Microsoft Office 365 plan
-  Microsoft Team License
-  Microsoft Phone System License (Calling Plan is not needed)
-  Level365 UC Premium Seat
-  MS Teams Connector License from Level365
